Jan 12, 2015

Solution for Exercise 1

A complete solution for the prime checker application can be found in directory `blatt6/PrimeFilter-sol`.

Solution for Exercise 2

- a) Compile the supplied Java classes and execute the resulting program.
- b) Directory `blatt6/LicenseServer-sol` contains the solution that uses two different communication channels.

Solution for Exercise 3

Directory `blatt6/Broadcast-sol` contains the solution.
